

What is Class Dojo?

I wanted to tell you about the behavior tool that we will be using in Room 111. It is a website/app called Class Dojo. It allows teachers to give students immediate feedback on their behaviors, positive and negative. Students get very excited when they are awarded points, and one of the best things I've noticed is that they root for each other! They are so sweet to teach other, congratulating others when they receive a positive point. What a great way to build a strong classroom community!

One of the great features of Class Dojo is that it allows me to send you a "behavior skills report" every Friday by email. This will allow you to see what specific positive or negative behaviors your child is displaying at school. My hope is that this will bring you and me closer together, and help you better understand the progress of your student on a week to week basis.

Students are also able to have their own account using a special code so they can customize their monsters avatars on their own!

Rewards

Students will earn punches on their Dojo point cards when they reach specific goals. When a certain number of punches is received, he/she will earn a prize. This is one of the ways that I will use rewards and positive praise in Room 11 this year!

Citizenship

At the end of each 9 weeks, I will use Class Dojo to calculate their citizenship grades. By using the date range for each 9 weeks, I can calculate the average of positive/negatives for each student. I will take this percentage and add 10% to calculate the final grade and translate it into a letter grade. With the weekly averages that get emailed, you should be able to have a good idea of your child's average for each 9 weeks.

100% - 85% - S
84% - 75% - S-
74% - 65% - N
64% - 55% - U

I know you will be proud to see the great behaviors they are displaying and in turn, if there is something they need to work on, you will be able to see that as well.

Feel free to contact me with any questions that you may have about this system. This will be the primary tool used for classroom behavior. You will be able to see your child's progress through the website/app or on your child's nightly learning log.

Please be sure to fill out this form so I can get your email address to send an invite. You will need to respond to the invite to confirm your account and then you will be all set up!

Thank you for your continued support!

Mrs. Fox
